

1       What is claimed as being new and desired to be protected by Letters Patent of the  
2       United States is as follows:

3       1. A method for playing a stud poker game comprising, in combination;

4       (A) a deck of 54 playing cards; said deck being 2 jokers and 52 said cards; said cards  
5       having 14 cards therein with the wild card phrases printed thereon said cards, said 14 cards  
6       and said phrases being;

7       (1) 2 black aces, spade and club suite playing cards, with said printing being, ANY  
8       BLACK CARD, thereon both said black cards, and 2 red aces, diamond and heart suite  
9       playing cards, with said printing being, ANY RED CARD, thereon both said red cards;

10       (2) 4 sevens; club, spade, diamond and heart suite playing cards with said printing  
11       being, FACE VALUE IN ANY SUITE, thereon all 4 seven cards;

12       (3) 4 deuces; club, spade, diamond and heart suite playing cards with said printing  
13       being, FILLS ANY TWO PAIR, thereon all 4 said deuce cards;

14       (4) 1 red joker playing card with said printing being, GOOD AS ANY CARD, thereon  
15       said red joker card, and 1 black joker playing card with said printing being, NO VALUE  
16       GOOD FOR FREE BET AND RAISE, thereon said black joker card, with option therefore;  
17       and

18       (B) a method of sequence for playing said game with said playing cards wherein; said  
19       54 cards are first shuffled thoroughly, included therein are said 14 wild cards; a designated  
20       dealer deals two cards from said deck to said players in said game; a first card being dealt  
21       face down to said players; a second said card being dealt face up to said players; each said  
22       player either passes, bets or calls; a third said card being dealt face up to said players; said  
23       players with the highest face up hand leads off the betting ; a fourth said card being dealt  
24       face up to said players; said player with said high face up hand leads off said betting; a fifth  
25       said card being dealt face up to said players; a sixth said card being dealt face down to said  
26       players; final said betting is now made by said high face up hand player and said players  
27       either fold, pass or raise; all said face down cards are turned face up and said players  
28       evaluate said cards so as to produce a winner for said stud poker game of the present  
29       invention; said game having options and alternative rules therein.  
30

1       (2) The invention as claimed in claim 1 wherein said printing on said 14 wild cards is  
2 printed on the playing surface of all said 14 wild cards at the top position of said cards and  
3 is also printed upside down, or reversed, on the bottom position of said cards so as to be seen  
4 seen and read by all said players in said card game.

5       (3) The invention as claimed in claim 1 wherein said options include; using special  
6 values such as duplicate cards in a flush; straights of any kind must reach a five card range;  
7 the use of said jokers can be optionally selected by the dealer; and wherein said game may  
8 be shortened so as to play draw poker if desired by dealing 5 cards with a maximum of a  
9 three card draw.

10       (4) The invention as claimed in claim 1 wherein the number of players may range from  
11 1 to 8; preferred being at least 2 said players against each other.
